Auction Sheet Information

The auction sheet provides essential details about the car's specifications, such as:

Car Specification	Explanation
Make and Model	Identifies the manufacturer and model name.
Year of Manufacture	Indicates the car's production year.
Mileage	Displays the total distance the car has traveled, usually in kilometers.
Engine Size	Measured in cubic centimeters (cc), e.g., 2000cc.
Fuel Type	Specifies whether the car uses petrol, diesel, or hybrid technology.
Transmission	Indicates whether the car has an automatic (AT) or manual (MT) transmission.

Auction Grade

The auction grade is a quick reference to the car's overall condition. It ranges from high-grade (near new) to low-grade (poor condition or damaged).

Grade	Vehicle Condition
Grade S	The car is in perfect condition and is as good as brand new.
Grade 5 or 6	Like new, with minimal wear.
Grade 4.5	Excellent condition with minor blemishes.
Grade 4	It is in good condition with some noticeable wear and tear.
Grade 3.5	Fair condition with visible wear or minor repairs.
Grade 3 and below	Older or heavily used cars with significant wear or damage.
Grade R/A/RA	Repaired vehicles due to accidents, but now operational.
